

```
Enter radius:
4.3
Area of circle = 58.059
Circumference of circle = 27.004|
```

```
Enter the number :
81
81 is divisible by 9|
```

```
Enter Principal:
100000
Enter Time:
1
Enter Rate:
36
Simple interest = 36000.000000|
```

```
Enter your character:
D
Entered character is alphabet|
```

```
Enter a number :
7
Odd
```

```
E = English
M = Math
A = Account
C = C-programming
Choose your subject :
C
Enter your C-programming mark:
43
Pass|
```

```
C for area of circle :
S for area of square :
R for area of rectangle :
I for Simple interest :
Enter your choice:
R
Enter the value of length and breadth:
8
2
Area of rectangle = 16|
```

```
enter the value of a:
19
Eligible|
```

```
A for Addition :
D for Subtract :
P for Product :
Q for Quotient :
R for Remainder :
```

```
Enter your choice:
D
Enter any two number:
9
75
Subtract = -66
```

```
Enter the number:
9
9 is the Odd number|
```

```
Enter the value of a,b,c and d:
6
8
9
4
9 is the largest number|
```

```
Enter the value of a & b:
7
3
Sum = 10
Difference = 4
Product = 21
Division = 2
Reminder = 1
```

```
Enter a character :  
D  
Enter a interger value :  
7  
Enter a float value :  
5.0245  
Enter a string :  
Dipesh  
  
7  
5.024500  
D  
Dipesh
```

```
Enter the temperature in celsius:  
40  
72.00 is the temperature in fahrenheit.
```

```
Enter a character :  
D  
  
The ASCII value of D is : 68
```

```
Hello World !!
```

```
size of float = 4 bytes
```

```
32  
7.67  
a  
ABCD
```

```
Enter your value :  
2024  
This is leap year
```

```
Enter the value of A & B :  
8.6  
7.9  
8.60 is the largest number.
```

```
Enter the value of a & b :  
5  
3  
5 is the largest number
```

```
Enter the value of a, b & c:  
5  
2  
9  
2 is the smallest number
```

```
Enter the value od a,b and c:  
8  
9  
7  
7 is the smallest number
```
